-----

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ...

The 8ft Mobile Solar Container by HighJoule delivers 20KW of clean energy in a compact design. Engineered for emergency response and portable energy demands, this lightweight container ...

Enter our 20kW energy storage mobile power supply - the Swiss Army knife of emergency power solutions. These systems aren't your grandpa's gasoline generators; they're ...

Housed in a 20-foot container, this system integrates solar PV, energy storage, and advanced control components into a single unit, making it ideal for remote industries, construction sites, ...

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

Our OEM Solar Battery Charging Container System provides pure sine wave output inverters for efficient energy storage solutions. Ideal for industrial and commercial use, this portable lithium ...

Highjoule's mobile solar containers provide portable, on-demand renewable energy with foldable photovoltaic systems (20KW-200KW) in compact 8ft-40ft units.

This compact 8ft foldable PV container combines 18kW solar generation and 20kWh storage, offering a versatile and transportable solar energy solution. It's ideal for rapid deployment in ...
