---

The REDARC 80W Monocrystalline Solar Panel is a standard monocrystalline flat solar panel designed to capture solar energy to keep batteries charged throughout the day.

Sharp's NE-80EJE photovoltaic modules offer industry-leading performance, durability, and reliability for a variety of electrical power requirements using breakthrough technology ...

The panel includes bypass diodes to minimise the effect of shadows and is supplied with all a 5m cable, connectors and detailed installation instructions for permanent fitting.

Technical parameter Maximum Power(W) 80W Optimum Power Voltage(Vmp) 15.90V Optimum Operating Current(Imp) 5.03A Open Circuit Voltage(Voc) 18.58V Short Circuit Current(Isc) ...

80W Solar panel specifications Our range of solar panels are constructed from ultra-efficient polycrystalline and have been designed to provide a reliable and cost-effective alternative ...

Learn about the Sinosola SAF-80W solar panel. Explore solar panel efficiency, warranties and more.

The GP-PV-80M Solar Module from Go Power! is a high efficiency monocrystalline solar module that provides outstanding performance and ...

Invensun Sundragon Premium Grade Solar Panels are designed and built under stringent quality control standards ensuring the highest-quality construction. Invensun solar panels ensure that, ...

The GP-PV-80M Solar Module from Go Power! is a high efficiency monocrystalline solar module that provides outstanding performance and cost-effective solar power for residential, ...

# 80w solar panel specifications

NE-80EIU Solar Specification Sheet. High-power module (80W) using 125mm square multi-crystal silicon solar cells with 12.60% module conversion efficiency.

The SLP080-12M 80 watt, 12 volt solar panel from Solarland(R) is a skinny module with 36 high-efficiency poly-crystalline solar cells arranged in a 2 x 18 configuration and encased in UV ...
