---

The HJ-ESS-215A is a high-performance 100KW/215KWh outdoor cabinet energy storage system featuring fast power response, all-in-one design, intelligent monitoring, and six-layer security ...

The 215kWh battery is a plug-and-play, liquid-cooled outdoor energy storage cabinet. It combines battery cells, BMS, PCS, fire protection system, power distribution system, thermal ...

This all-in-one outdoor energy storage cabinet provides a high-efficiency and fully integrated solution for commercial and small-industrial applications. Designed for stable backup power ...

The 215 kWh Energy Storage Cabinet integrates seamlessly into industrial & commercial energy storage, distributed power stations, EV charging stations, and microgrids to deliver reliable ...

With intelligent air cooling, IP55 protection level, and optional WiFi/GPRS remote monitoring, you can rely on this system for optimal performance and safety. Stay ahead of the curve with our ...

The air-cooled integrated energy storage cabinet adopts the "All in One" design concept, integrating long-life battery cells, efficient bi-directional balancing BMS, high-performance ...

High-voltage 215kWh outdoor battery cabinet with built-in cooling, fire protection & monitoring. Ideal for microgrids, solar-diesel hybrid systems & EV charging stations.

Our solution is a plug-and-play, turnkey system that can be easily scaled to meet any energy requirements.

The 215KWh outdoor cabinet series industrial and commercial energy storage system has broad application prospects in the field of industrial ...
