-----  
What is a frequency inverter?

They are energy-efficient and offer optimum motor protection in a wide range of industrial applications. Frequency inverters, also known as variable frequency drives (VFDs), control the frequency and voltage of an AC motor's power supply, allowing for precise adjustment of the electric motor's speed and torque without mechanical speed control.

Who makes Mastervolt inverters?

Mastervolt, based in Amsterdam, is one of the leading Netherlands inverter manufacturers. The company was founded in 1991 and quickly gained recognition for its high-quality inverters and electrical solutions.

What is a Nord frequency inverter & motor starter?

NORD Frequency Inverters and Motor Starters are ideal both for centralised operation in a control cabinet as well as for decentralized, fully integrated use directly on the motor. The inverters are Industry 4.0 ready, can be networked and with the internal PLC enable pre-processing of internal status data or data from externally connected sensors.

What is the best frequency inverter for your application?

Decide for yourself, what is the best for your application. NORD Frequency Inverters already meet the requirements of energy efficiency classification IE2 of the new Ecodesign directive (EU) 2019/1781 (valid from 1st of July 2021). NORD's innovative Drive Technology range can be configured to match almost all applications.

Mastervolt, based in Amsterdam, is one of the leading Netherlands inverter manufacturers. The company was founded in 1991 and quickly gained ...

Inverters from our own production - everything from a single source! The EMA Indutec frequency inverters can be optimally adapted to any requirement thanks to their user-friendly operation ...

We offer robust, low-maintenance frequency inverters that allow for exceptionally precise speed control. They

are energy-efficient and offer optimum motor protection, essential for industrial ...

Frequency Inverters from NORD DRIVESYSTEMS are equipped with powerful processors and provide optimum control precision. Integration of the inverter into various control architectures ...

Mastervolt, based in Amsterdam, is one of the leading Netherlands inverter manufacturers. The company was founded in 1991 and quickly gained recognition for its high-quality inverters and ...

Find and discover Inverter manufacturers and suppliers for all products in Netherlands, featuring details on their shipment activities, trade volumes, trading partners, and more.

With a large selection of products available, Distrelec stocks an exhaustive range of frequency inverters, frequency converters, control units and other accessories.

Our website is a best place to buy Frequency Inverters and Variable Frequency Drives. We have good prices, fast delivery and wide range of inverters. Trusted and authorized re-seller.

Frequency Inverters from NORD DRIVESYSTEMS are equipped with powerful processors and provide optimum control precision. Integration of ...

Find your intelligent frequency inverter easily amongst the 14 products from the leading brands (VEICHI, Bonfiglioli, Mitsubishi Electric, ...) on ...

Compatible with AC induction and S INOCHRON(R) motors and all gearboxes from ABM Greiffenberger, the new frequency inverters also have smart ...

Compatible with AC induction and S INOCHRON(R) motors and all gearboxes from ABM Greiffenberger, the new frequency inverters also have smart features and innovative ...
