Where can I buy battery charging cabinets?

Get your battery charging cabinets from the leading fabricator in the Pacific Northwest and Western Canada. Depend on Wesgar to eliminate supply chain delays and deliver quality cabinets--from small to extra-large. Our cabinets are safe, weather and fire-resistant, and designed for indoor and outdoor use.

What size battery cabinet does Arimon offer?

Arimon offers several standard monobloc or top terminal battery cabinet sizes for 10 kVA to 125 kVAUPS systems accommodating monobloc batteries from 100 WPC (64 batteries) to 540 WPC (40 batteries) or can work with you on even larger custom battery cabinet solutions if needed.

What are Arimon battery cabinets made of?

All battery cabinets are constructed from heavy gauge steel with a durable welded frame and acid resistant powder coated finish available in a wide range of colors. Arimon UPS backup battery cabinets offer breaker or fuse protection up to 800 Amps.

What are external battery racks & cabinet design encasing solutions?

Our External Battery Racks and Cabinet design encasing solutions are a premium brand that offer industry-standard features in custom design measurements at competitive pricing. They can accommodate various combinations of Batteries, up to maximum number of strings for complete battery ranges.

Keep your batteries safe and organized with the help of our indoor and outdoor enclosures. Contact Dowd Battery for more information today!
