-----

Hungary's largest operating standalone battery energy storage system (BESS) has been inaugurated today. It is the latest example in a series of MET investments in BESS ...

Met Duna Energiatarolo, a unit of the MET Group, an energy company based in Switzerland with Hungarian roots, has inaugurated a ...

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

Met Duna Energiatarolo, a unit of the MET Group, an energy company based in Switzerland with Hungarian roots, has inaugurated a 40 MW / 80 MWh battery storage at the ...

Batteries: Equipped with deep-cycle batteries, these containers store excess electricity for use during periods of low sunlight. The battery capacity determines the stored ...

The latest BESS plant has a current storage capacity that would be sufficient to supply the entire decorative and public lighting needs of Budapest for 4 hours.

Each system integrates solar PV, battery storage, and optional backup generation in a modular, pre-engineered platform that is scalable for projects ranging from 5kW to 5MW+.

Containerized Battery Storage (CBS) is a modern solution that encapsulates battery systems within a shipping container-like structure, offering a modular, mobile, and scalable approach to ...

The Bluesun 20-foot BESS Container is a powerful energy storage solution featuring battery status
