making it ideal for utility-scale ...

SolaX's BESS Container is designed for maximum safety, fast deployment, and seamless grid integration, making it ideal for utility-scale energy storage applications.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Containerized BESS are crucial for integrating renewable energy sources like solar and wind into the grid, ensuring a steady supply of power regardless of fluctuations.
