Who are Custom containers & conversions?

We specialise in Custom Containers and Conversions across diverse industries and verticals, offering tailored solutions that are designed to meet your unique needs. Our supportive services encompass the design, construction, and engineering of high-end steelwork, including skids, staircases, and other structures.

What is a foldable container?

The foldable design saves space and reduces transport costs. Strong, secure, and easy to install, it suits various temporary uses. A modular, collapsible structure designed for easy assembly and disassembly. The container is stackable & easily transportable. The design expands space for comfort and versatility.

Who is LZY container?

LZY container specializes in foldable PV container systems, combining R&D, smart manufacturing, and global sales. Headquartered in Shanghai with 50,000m<sup>2</sup>+ production bases across Jiangsu, Zhejiang, and Guangzhou, the company employs 1,000+ professionals, including 20+ engineers driving energy storage technology.

What makes our container solutions unique?

Our container solutions are underpinned by meticulous planning, thoughtful design, and technical expertise. As a market leader, we continuously explore new technologies and can confidently design, build and deliver state-of-the-art container solutions that are sustainable, efficient, and requiring of minimal maintenance.

Our products include foldable container buildings, expandable container houses, and flatpack container structures -- all ...

Whether you need to power a farm in rural Africa, a construction site in the Middle East, or a mobile clinic in Southeast Asia, ZN-Meox delivers smart, scalable, and sustainable energy on ...

With our solar container we focus on solar energy, a sustainable and at the same time the most logical energy source in Africa. We have developed two different containerized systems: our ...
