---

Hithium has launched a 55 megawatt hours (MWh) battery energy storage system (BESS) project in Razlog, southwestern Bulgaria. ...

Emerging markets in Africa and Latin America are adopting mobile container solutions for rapid electrification, with typical payback periods of 3-5 years. Major projects now deploy clusters of ...

The Hithium ? Block 3.44MWh container is a liquid-cooled battery storage system based on Hithium prismatic LFP BESS cells with a ...

Located in Razlog, Bulgaria, this 55 MWh system, developed in collaboration with Solarpro, marks a significant step forward in the transition to cleaner and more sustainable ...

Solarpro, a leading technological provider of solutions for the generation and storage of energy in Europe, has successfully deployed ...

Hithium has launched a 55 megawatt hours (MWh) battery energy storage system (BESS) project in Razlog, southwestern Bulgaria. The project, the largest in Eastern Europe, ...

The Hithium ? Block 3.44MWh container is a liquid-cooled battery storage system based on Hithium prismatic LFP BESS cells with a 280Ah capacity and a high cyclic lifetime.

Hithium, a leading manufacturer of stationary battery storage solutions, and Solarpro, a prominent European energy generation and storage provider, today announced ...

Solarpro, a leading technological provider of solutions for the generation and storage of energy in Europe, has successfully deployed the largest battery energy storage ...

Stationary battery manufacturer Hithium has deployed what it says is the "largest battery energy storage system (BESS) project in Eastern Europe to date", a 55MWh Solarpro ...

Stationary battery manufacturer Hithium has successfully deployed the largest battery energy storage system (BESS) project in Eastern Europe to date, with a capacity of 55 ...

Eastern Europe has emerged as a key player in battery energy storage projects, driven by renewable energy expansion and grid modernization needs. Countries like Poland, Romania, ...
