---

In a first of its kind for the region, this 1MWp grid-connected solar farm with a 1.1MWh battery energy storage system helps provide a smooth supply of renewable energy for 18,000 ...

This new solar plant is situated at the Mua Research Centre in the north of Taveuni, an international centre for palm and coconut research owned by the Fijian Government and is ...

Utilizes surplus solar and hydro energy for battery charging during low consumption periods. Successfully commissioned in March 2024. Supports Fiji's target of achieving 100% renewable ...

Fiji Holding is leading efforts in both urban and rural areas by implementing large-scale and off-grid solar systems that reduce fossil fuel consumption and improve energy access.

With plans to deploy 50MW of storage by 2027, Fiji's becoming the Switzerland of energy innovation - neutral in the fossil fuel wars, armed with killer battery tech. Upcoming ...

This Mua Solar PV Power Station with BESS Project will supplement the Somosomo Hydro Project and will elevate Taveuni to be the first island in Fiji that will have access to 100% ...

This new solar plant is situated at the Mua Research Centre in the north of Taveuni, an international centre for palm and coconut research owned by ...

In a first of its kind for the region, this 1MWp grid-connected solar farm with a 1.1MWh battery energy storage system helps provide a smooth supply of ...

Eni New Energy US has bought a large-scale battery storage project in development in Texas from developer Baywa r.e., along with a utility-scale solar PV plant nearby.

The Fiji side energy storage power station project isn't just about technology--it's about resilience. By integrating smart storage, Fiji can reduce diesel dependence, stabilize its grid, ...

Fiji Holding is leading efforts in both urban and rural areas by implementing large-scale and off-grid solar systems that reduce fossil fuel ...

Creation of renewable energy zones (4x solar clusters, Western region and 1x hydro cluster in center of island)  
Transmission network will be developed to connect generation ...
