-----  
What are agricultural containers?

Our agricultural containers help with the transporting and storage of many different food items. Flexcon containers keep agricultural products clean, safe, and secure from the farm to the grocery store. The containers are durable and ergonomic. Upon request, we can provide containers with FDA-approved materials.

What is an upright folding container?

An upright folding container is a type of container with hinged long sides in the middle and hinged short sides at the base. In its folded and upright state, the upper frame remains rigid, providing the necessary stability. This type of container is commonly used in the retail sector.

Why do you need a harvest container?

These containers protect fruit and vegetables from damage during harvest and storage. Make space-saving and cost-saving harvest containers your go-to for your agricultural operations. At RTP, we pride ourselves on our quick quotes and thorough customer service, helping you make an informed and swift decision.

What sizes are available for agricultural storage?

Our most popular solutions for agricultural storage are the 20- and 40- foot containers. We also have a range of products in other dimensions that can be customized to fulfill your specific needs. Other options include double-door and high-security storage, which are ideal for storing high-value equipment.
