-----

In cooperation with the start-up Africa GreenTec, TESVOLT is supplying lithium storage systems for 50 solar containers with a total capacity of 3 megawatt hours (MWh), enabling a reliable ...

Next-generation battery management systems maintain optimal operating conditions with 45% less energy consumption, extending battery lifespan to 20+ years. Standardized plug-and-play ...

Step into our brand-new local warehouses! Experience 100% genuine solar panels, inverters, and batteries firsthand. Test before you buy and order directly with full ...

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

The demand for efficient energy storage solutions in Kinshasa and across Africa has skyrocketed--think solar farms needing reliable backup or factories aiming to cut energy ...

"The aim of this visit is to build a lithium-sulphur battery factory in the Democratic Republic of Congo.

Ready to light up rural Kinshasa with a reliable and affordable energy solution? Contact CooliEnergy today to discuss your requirements, request a quote, and learn how their ...

While the superiority of lithium-ion technology is clear, choosing the right supplier has always been a challenge--until now. CooliEnergy is proud to announce the opening of our new ...

Imagine a newly commissioned solar module factory in Kinshasa, equipped with modern machinery and a trained workforce, ready to begin production. Suddenly, the entire ...
