Who is building a solar park in Kosovo?

A consortium led by Switzerland-based construction company Orllati was selected to build and operate a solar park of up to 105 MW in connection capacity for 30 years including a 15-year contract for difference. The group won the first renewable electricity auction in Kosovo\* with a bid of EUR 48.88 per MWh.

Who won the first renewable electricity auction in Kosovo?

The group won the first renewable electricity auction in Kosovo\* with a bid of EUR 48.88 per MWh. Almost a year since the initial public call, the Ministry of Economy in Prishtina completed its pilot solar power auction.

How much does solar power cost in Prishtina?

Almost a year since the initial public call, the Ministry of Economy in Prishtina completed its pilot solar power auction. Even though it raised the ceiling price in late December to EUR 75 per MWh from EUR 65 per MWh amid repeated delays, it was closed at EUR 48.88 per MWh.

How much does solar power cost in Serbia?

Amid weak participation, the lowest price at Serbia's first solar power auction, held last year, was EUR 88.65 per MWh, just 35 eurocents below the starting level. The maximum acceptable price in Albania's upcoming auction is EUR 59.97 per MWh.

This energy storage container not only contains storage units, but also includes electronic devices such as battery control, power management, and monitoring systems.

A consortium led by Switzerland-based construction company Orllati was selected to build and operate a solar park of up to 105 MW in connection capacity for 30 years including ...

LZY mobile solar systems integrate foldable, high-efficiency panels into standard shipping containers to generate electricity through rapid deployment generating 20-200 kWp solar ...
