BUILT TO LAST Our PV modules are designed with better technology in mind, made from robust product components, under stringent quality control steps and high-tech manufactu.

The temperature distribution of the standard monofacial double-glass PV mini module, CAE PV mini module, and EAG PV mini module was simulated by using the ...

Our double glass mono half cut panels are known for their excellent performance in high-temperature environments, thanks to their low temperature coefficient and advanced cell ...

To provide an overview of how the use of a PV module with double layers of glass affects the energy yield and determine their effects on energy efficiency, an energy balance is applied that ...

To estimate the error, obtained heat demand values were compared with results from a dynamic heat demand model, previously developed and validated by the authors.

Latvian, also known as Lettish, is an East Baltic language belonging to the Indo-European language family. It is spoken in the Baltic region, and is the langua...

Latvian is a Baltic language related to Lithuanian and Old Prussian with about 2 million speakers mainly in Latvia. It is a Statutory national language in Latvia and is spoken as a native ...

Latvian language, East Baltic language spoken primarily in Latvia, where it has been the official language since 1918. It belongs to the Baltic branch of the Indo-European family of languages.

Discover the fascinating history and cultural significance of the Latvian language, a cornerstone of Latvia's
