Custom lithium battery pack manufacturer offering expert design, BMS integration & assembly for robotics and industrial use. Get your reliable power solution.

We design and manufacture custom cylindrical battery packs for industries globally including Lithium Ion, NiMH, Polymer and LiFePO4.

Our custom low-temperature batteries are specially designed to excel in cold environments. These battery packs discharge below -50°C with high capacity retention and effectively charge ...

We deliver robust, certified battery packs, optimizing performance and reliability for diverse applications. Custom cylindrical battery design and manufacturing with smart BMS, optimized ...

With over 20 years of experience, NPP Power specializes in custom lithium battery pack manufacturing. We provide tailored energy storage solutions that ensure efficiency, safety, and ...

Our expert engineers and technicians deliver custom, high-performance, reliable, and safe battery solutions tailored to your unique and demanding requirements.

From lithium-ion to NiCd and alkaline, we design and build battery packs tailored to your needs. Get reliable, high-performance power for any application.

Our process begins with custom-configured assembly lines designed around your product. We use robotics, real-time monitoring, and in-line testing to build lithium battery packs with ...

At Emerging Power, we provide both custom and standard battery solutions for OEM applications. As a
