What is mitrex solar glass?

Let the light in with Mitrex Solar Glass -- a powerhouse in disguise, where photovoltaics meet limitless design, where color meets clarity. You're not just choosing glass; you're choosing a future where sustainability is clear as day. Where photovoltaics meet limitless design, where color meets clarity.

Who is vitro architectural glass?

EXPLORE DESIGN OPTIONS WATCH OUR VIDEO To realize this offering, Vitro Architectural Glass acquired assets from solarnova: a proven, Germany-based manufacturer of BIPV glass with successful commercial installations throughout Europe and North America.

Can solarvolt TM BIPV glass be used with spandrel glass?

In addition to power generation, Solarvolt (TM) BIPV glass systems also reduce air conditioning costs. To meet your design and environmental performance objectives, Solarvolt (TM) BIPV glass can be used with spandrel glass, as well as any Vitro low-emissivity (low-e) coating and glass substrate, including tinted glass.

Who is msolar?

We are a vertically integrated solar manufacturer and energy producer. Discover how we're revolutionizing clean energy, reducing costs, and driving sustainability--all made in the United States. Want to help manufacture solar energy? Join our mission. © 2025 MSolar, All rights reserved.

Leading solar glass manufacturer in the United States. Discover cutting-edge solutions for high-performance, sustainable solar glass production.

As a leading solar-powered glass manufacturer, First Glass is dedicated to innovation in the development and production of advanced solar-powered glass solutions.

Our product portfolio features tempered, ultra-clear solar glass solutions with anti-reflective coating that diminishes reflectivity and improves light transmission.
