What is a portable solar battery charger?

Whether you're backpacking in the Himalayas or working in your backyard, a portable solar battery charger offers a vast supply of power that you can easily fold up and carry with you.

What is the best portable solar charger?

The Allpowers SP012 Solar Panel 100W is the best portable solar charger for anyone who needs to keep their gadgets charged and stay connected during a power outage or off-grid adventure.

How many solar panels does the allpowers sp012 solar panel 100W have?

Most portable solar battery chargers have just a few panels to catch the sun's rays, but the Allpowers SP012 Solar Panel 100W has an expansive array of 15 panels to soak up as much sunlight as possible. It measures 3 by 3 feet when unfolded, and since it weighs just 4.9 pounds, it can be easily toted around with you.
