How do I submit an export declaration?

The export declaration must be submitted by electronic means, through the Export Control System (ECS). An oral declaration may also be made (at the customs office of exit) in certain circumstances.

How much does it cost to get help with an export declaration?

The cost of getting help with your export declaration can vary, depending on several factors. For example, due to the value of the goods, type of goods, destination, as well as any special requirements or additional services that may be needed for your particular export. To get an exact price quote, contact a customs agent.

Do shippers have to provide information on an export declaration form?

In the case of exports, shippers have to provide information on an export declaration form. What is an Export Declaration? An export declaration is a shipping document that contains information about the goods that the shipper intends to export. It states the exported goods, the number of goods, and their value.
