Who is Slovak solar?

Slovak Solar s.r.o. is a leading photovoltaic wholesaler in Slovakia, Czech Republic and Austria, with a vision to create a sustainable energy future. We started our journey in 2009 with the main idea - to provide companies specialised in the installation of solar systems with access to first-class photovoltaic products, all from one place.

Why should you choose Slovak solar?

At Slovak Solar, we believe that progress comes from constant innovation. From day one, we've been breaking new ground in Slovakia's solar energy sector. We were one of the first company in Slovakia to install Building-Integrated Photovoltaics (BIPV).

Who is solar company?

Today Solar Company consists of more than 150 employees, providing international clients a full scope of PV installation services. For more than 13 years we have been a reliable partner for large-scale photovoltaic projects in Europe, Africa, Indonesia and Vietnam, with over 350 finished projects with a total capacity of more than 1300 Megawatts.

What services does solar company offer?

Scope of services: Complete mechanical installation, including pulling of DC cables. Solar Company is an independent solar PV mounting company, with a proven track record of over 300 projects all over the world.

Directory of companies in Slovakia that are distributors and wholesalers of solar components, including which brands they carry.

Find the top Solar Energy suppliers and manufacturers in Slovakia from a list including REGULUS spol. s r.o., smart-MAIC LAB LLC and Energie Energia Solar Termodinamica

We offer high-quality services and competitive pricing of solar park installations with power output between 100 kWp to 100 MWp. Solar Company was founded in 2012 in Slovakia, focusing on ...

With 14 years of expertise, EK SOLAR specializes in monocrystalline photovoltaic systems for industrial and residential applications. Our Kosice facility produces 850 MW annually, serving ...
