Who is solar pumps Africa?

Solar Pumps Africa - Supplier and installer of solar powered water pumps. Supplier and installer of solar powered water pumps. SCL Water is an experienced supplier and installer of solar powered water pumps and specialise in the export of SOLAR WATER PUMPS and associated equipment to Africa.

What is a surface solar pump?

Surface solar pump - these sit above ground and move water through pipes. They are handy for moving large quantities of water at a slow pace and are commonly found on farms or large irrigation systems where water needs to be moved from a lake or other body to fields or landscaping.

What is a solar water pump?

The solar water pump is typically used in domestic water supply, irrigation projects and for pumping water. A solar water pump uses the energy of the sun. The electricity is provided by one or more PV panels which are connected to the electrical pump system. Solar pumps are a great alternative to the conventional method of pumping water.
