BigBattery provides lithium-ion battery packs that are perfect for powering any off-grid solar application. Browse our products today to find what you need.

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

A shipping container solar system is a modular, portable power station built inside a standard steel container. A Higher Wire system includes solar panels, a lithium iron phosphate ...

The Bluesun 20-foot BESS Container is a powerful energy storage solution featuring battery status monitoring, event logging, dynamic balancing, and advanced protection systems. It also ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Microgreen offers large-scale energy storage that is reliable in harsh environments, cost effective with top energy density, and provides best return on investment.

A shipping container solar system is a modular, portable power station built inside a standard steel container. A Higher Wire system ...

By combining solar panels and storage in solid, mobile shelters, solar-powered shipping containers are
