As energy challenges grow, our solar container solution was created to meet the need. It provides clean, efficient power wherever you need it and can also generate profit.

Mobil-Grid(R) 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and redeployable solar plant

In short, you can indeed run power to a container - either by extending a line from the grid or by turning the container itself into a mini power station using solar panels. Why ...

As global demand rises for clean, mobile, and resilient energy, one innovation is standing out: the mobile solar container. Designed for versatility and rapid deployment, these self-contained ...

Our foldable solar containers combine advanced photovoltaic technology with modular container design, delivering rapid-deployment, off-grid renewable energy with industry-leading efficiency.

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours. Go big with our modular ...
