We develop battery modules, racks and energy storage systems designed to power industrial applications across challenging sectors, including construction, maritime, defence, and grid ...

The project encompasses the construction of a solar and battery energy storage system (BESS) minigrid to be built on the island of Buka, within the autonomous region of Bougainville in ...

In Swaziland, where solar energy adoption is rising rapidly, 12V batteries have become a cornerstone for off-grid and hybrid systems. These compact yet powerful units store solar ...

A 100MW thermal solar and molten salt energy storage system in Xinjiang, China, is set to be completed and grid-connected by the end of the year, part of a project which has deployed ...

Australian renewable energy independent power producer, Frazium Energy, has signed an agreement with the government of Eswatini (formerly known as Swaziland) for the ...

Frazium Energy - part of the Australian-German Frazer Solar group - has signed a 40-year contract with the government of the Southern African kingdom of Eswatini (formerly known as ...

Shop premium container solar systems for commercial and industrial use. All-in-one energy storage containers with lithium batteries, grid/off-grid options, and 100% on-time delivery.

The mega solar-storage project, which will be located at the Edwaleni Power Station in the central town of Matsapha, will have an initial capacity of 100 MW and supply ...

The solar farm is under development by Frazium Energy, a subsidiary of the Frazer Solar Group, an
